# COMPACT EXCAVATOR

# **EXCAVATING EXCELLENCE**

# **TB230 COMPACT EXCAVATOR**

# **TB230** powerful 3-tonne high performance excavator

The TB230 is a powerful yet compact machine for this popular 3-tonne weight class available as a cab or canopy.

With increased power this proven Takeuchi provides maximum efficiency on-site, featuring many key features as standard. The TB230 is built for plant hire, groundworks and earthmoving.

The TB230 combines all the proven characteristics of Takeuchi excavators: smooth hydraulics and power performance, proven durability and high resale value, maximum operator comfort and serviceability.

#### **3-TONNE POWER PERFORMANCE**

The TB230 offers maximum performance with excellent bucket breakout force of 20.9kN and arm digging force of 12.9kN all powered by a 18.2kW Yanmar 3 cylinder engine.

The TB230 has plenty of power and greater torque along with a well proven, high performance hydraulic Rexroth pump for greater oil flow for faster cycle times and increased efficiency.

FUE

The TB230 offers a compact 3-tonne excavator with a track footprint of just 1450 x 1900mm.

# STAGEV V

#### MAXIMUM FUEL EFFICIENCY

Fuel Saving Features:

- Engine auto stop
- Automatic idle
- Economy work-mode
- Electronic engine monitoring
- Electric dial throttle control

#### **ENHANCED FEATURES**

Boom and arm holding valves are factory fitted for added safety in the event of a hose burst failure. An audible warning lift alarm is standard for craning.

Dual flow hydraulic lines operated by a joystick slider, auxiliary flows are adjustable from the touchscreen control panel with preset modes to match all types of attachments with optional password secure presets.

#### **COMPATIBLE BREAKER**

The TB230 is compatible with a Takeuchi TKB102-S sound suppressed hydraulic breaker. Designed to meet the requirement for quieter operating environments.

#### SWITCH ACTIVATED BLADE FLOAT

To maximise ground finishing on-site the switch activated blade float is fitted as standard.

The heavy-duty dozer blade is fitted with a blade cylinder protection guard.

Exposed ground level hydraulic hoses are spiral steel wrapped for added protection.

#### STANDARD FEATURES

(see website for the complete features list)

#### **OPERATOR STATION**

- All steel Cab/Canopy (ROPS/ TOPS/ OPG)
- Adjustable deluxe highback seat with retracting seat belt, drinks holder and adjustable armrests
- In-cab radio with stereo speakers MW/FM/ USB/ Bluetooth
- Gas lift-assist window slides into recess
- Skylight with retractable sunshade
- Front screen rain guard
- Full foot travel pedals

#### **ELECTRICAL**

- Internal/ external power sockets 12V
- Switched roof beacon power socket 12V
- Travel alarm
- LED workzone lights
- Emergency engine shut-down switch
- Electrical refuelling pump

#### **ENGINE**

- Stage V Ready < 19kW low emission
- Dual fuel filtration with water trap
- Dual element air filter
- Automatic Idle
- Service interval 250 hours • Working modes: Standard/ Eco/ Altitude

#### **HYDRAULICS**

- Cushioned boom and swing cylinders
- Boom and arm holding check valves
- Lift overload alarm
- Aux flows adjustable
- Multi-attachment presets password secure
- 1-way/2-way flow selector
- Aux with independent isolation valves
- Proportional auxiliary controls with detent
- Aux ports: 1st + 3rd (pre-piped for hydraulic hitch) 2nd optional

#### **UNDERCARRIAGE AND FRAME**

- Dozer blade with switch activated blade float
- Triple flanged track rollers & sealed bearings

The cab comes with a gas lift-assist front window, this slides into the recess above. The removable lower glass panel can be safely secured behind the seat.

> The well-positioned colour VDU illuminates all the active operating switch functions.

Accumulator assisted pilot controls combined with cushioned boom and swing cylinders, help reduce shock and vibrations for a smoother machine operation.

#### MAXIMUM SAFETY

All steel panels and counterweight along with boom and blade cylinder guards provide protection for key engine and hydraulic components.

LED workzone lighting ensures maximum visibility. Boom and arm check valves, lift overload and travel alarm are standard safety features.

#### ATTACHMENT VERSATILITY

operator console VDU with optional password secure presets.

The TB230 has factory fitted steel hydraulic hitch

#### **RELIABLE TRACK DESIGN**

Triple flanged rollers support the track in multiple positions improving machine stability. The upper roller maintains track alignment and helps shed debris.

High torque auto step-down travel motors deliver on-demand tracking power when dozing, turning and climbing.

Preset auxiliary flows adjustable from the

#### **PRE-PIPED FOR HITCH AS STANDARD**

pipework as standard, with safe hand/foot activation switches.

## **TB230 COMPACT EXCAVATOR**

#### **RELIABILITY & SERVICEABILITY**

The TB230 has maximum accessibility for easy daily routine servicing with large wide opening covers.

- The rear engine access features clustered key service check points for easier daily checks and maintenance, with central filter positions for speedy servicing and less downtime.
- The off-side service hood provides access to the control valves, hydraulic lines and hydraulic tank.
- Electric refuelling pump with fast fill-up and auto shut off as standard. Convenient and secure remote gauge for assistance when refuelling with a lockable fuel fill.
- The TB230 offers easy track maintenance with grease filled service track adjusters and maintenance-free sealed bearing track rollers.
- The cab features a roof mounted switched beacon socket.
- The canopy is fitted with a prewired beacon switch.

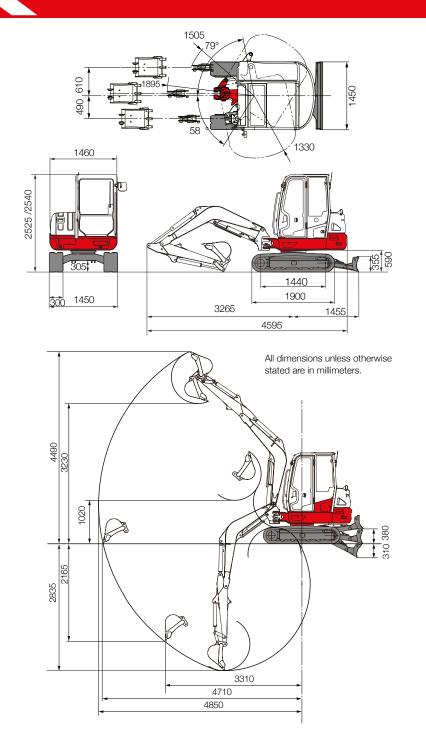

#### **TSS -TAKEUCHI SECURITY SYSTEM**

The TB230 comes with **TSS** as standard. Includes 1 red master key and 3 black user keys. Can programme up to 13 user keys.

## **TB230 COMPACT EXCAVATOR**

Takeuchi machines come with a full 3 year/3000 hour warranty as standard, terms and conditions apply.

Before fitment of a hydraulic attachment, machine auxiliary pressure and flow should be accurately measured. For all lifting specifications please refer to the lift charts on the Takeuchi website or operator manual.

In accordance with our established policy of constant improvement, we reserve the right to amend these specifications at any time without notice. Photographs shown may feature non-standard equipment.
